

Monehin John

Web Developer

I specialize in creating visually stunning and highly functional websites using my extensive knowledge of frontend technologies and keen eye for detail. Leveraging my proficiency in HTML, CSS, JavaScript, as well as frameworks such as Tailwind and Bootstrap with a focus on precision and creativity, I am dedicated to crafting visually appealing and user-friendly websites. My commitment to continuous learning ensures that I stay current with industry trends and best practices, allowing me to incorporate the most recent advancements into my work. With a focus on user-centric design and responsive development, I aim to create intuitive and engaging interfaces that leave an impression. From concept to execution, I approach each project with creativity, precision, and a commitment to producing outstanding results.

Experience

Web Developer Tutor

Personal Development Program Ogbomosho, Oyo

- Implemented peer code review sessions to improve student's understanding and application of frontend coding principles.
- Implemented personalized reading plans and periodically assessed progress to tailor guidance and support for individual learning needs and maximize student's success.
- Prepared and administered tests to assess student's knowledge. Developed lesson plans tailored to the needs of each student.
- Facilitated small-group discussions to increase comprehension.
- Encouraged collaboration among peers through group projects or presentations.

Education

Mechanical Engineering

Ladoke Akintola University of Technology Oyo, Nigeria

2019 - 2024
